THE UK RADIOLOGICAL CONGRESS

ePoster listing

Clinical:	Musculoskeletal
e-001	You won't get blood out of this bone: A pictorial review of bone infarction
	Markand Patel, University Hospitals Birmingham NHS Foundation Trust
e-002	Body composition analysis in a Caucasian women population using DXA: Relationships between body
	compartments
	Stavroula Theodorou, Department of Radiology, General Hospital of Ioannina, Greece
e-003	Spinal deformities in type 3 Gaucher's disease
	Benjamin Davies, School of Clinical Medicine, University of Cambridge
e-004	An audit to assess patient dose in whole-spine standing plain imaging for scoliotic patients
	Jane Harvey-Lloyd, University College Suffolk
e-005	Tarsal coalition: Radiographic, CT, and MR findings a propos of bilateral talocalcaneal coalitions in a military
	aircraft mechanic
	Stavroula Theodorou, Department of Radiology, General Hospital of Ioannina, Greece
e-006	Post gadolinium MRI ankle study in assessment of hindfoot pain
	Ying Chen, Imperial College Healthcare NHS Trust
e-007	MRI of osteonecrosis of the tibia: Measurement of the lesion size and clinical implications
	Stavroula Theodorou, Department of Radiology, General Hospital of Ioannina, Greece
e-008	The accuracy of MRI knee vs arthroscopy in diagnosing meniscal tears
	Kugavarna Sakthikugan, The Countess of Chester Hospital NHS Foundation Trust
e-009	Not quite your standard neck or femur fracture: A pictorial review of MRI pelvis findings for suspected fracture
	Markand Patel, University Hospitals Birmingham NHS Foundation Trust
Clinical:	Head and neck / Neuroradiolog
e-010	Benign obstructive disease of the major salivary glands
	Maria Kwiatkowski, Barts Health NHS Trust
e-011	The management of head injuries - are we achieving good compliance?
	Hirantha Peiris, North Devon District Hospital
e-012	Computed tomography (CT) technique: Acquisition of cerebral CT arteriography (CTA) and CT venogram (CTV)
	in a single 60 ml contrast dose
	Jia Jun Ng, Singapore General Hospital
e-013	Differential diagnosis of dementia
	John Morlese, University Hospitals of Leicester
e-014	Cross-sectional neuroimaging in dementia - an interpretation guide
	John Morlese, University Hospitals of Leicester
Clinical:	Breast
e-015	Has the introduction of digital mammography improved cancer detection in the NHS Breast Screening
	Programme?
	Linda Stephens, Pennine Acute
e-016	Educating patients in breast self-examination- is this the role of the mammographer?
	Cheryl Galea, University College Dublin
e-017	Mammography for the FRCR: A pictorial review
	Caroline Parkin, University Hospital of South Manchester
e-018	Image-guided breast intervention for the FRCR: an educational overview
	Caroline Parkin, University Hospital of South Manchester
e-019	Peer review in symptomatic mammographya revalidation tool
	Archana Seth, Forth Valley Royal Hospital and West of Scotland Breast Screening Services
e-020	Positive sentinel nodes in breast cancers—lessons learnt
- 021	Seema Datta, Salford Royal NHS Foundation Trust
e-021	Comparison of prognostic indices in symptomatic and screen-detected invasive breast cancer in Asian and
	Caucasian women
	Anil Jain, The Nightingale Centre and Genesis Prevention Centre, University Hospital of South Manchester NHS
e-022	Foundation Trust Do disparities exist in surgical treatment and post-mastectomy reconstruction between Asian and Caucasian
0-022	patients diagnosed with breast carcinoma?
	patients magnosca with meast caremonia:

	Anil Jain, The Nightingale Centre and Genesis Prevention Centre, University Hospital of South Manchester NHS
	Foundation Trust
e-023	Ultrasound for screening high density breast tissue
	Charlotte Ashworth, University Campus Suffolk
e-024	A pictorial review of male breast disease
Clinical	Roma Patel, Royal Free Hospital NHS Trust
e-025	Cardiac and Vascular 'It's not all about the heart': Incidental extracardiac findings on cardiac CT
6-025	Mohamed Shawgi, North Tees and Hartlepool Hospitals NHS Foundation Trust
e-026	The optimal cardiac phase for measurement of the maximum aortic annular dimensions for transcatheter
	aortic valve implantation (TAVI)
	Harmeet Chana, Royal Brompton & Harefield NHS Trust
Clinical :	Chest
e-027	Playing Sherlock Holmes: Unsuspected cardiac or coronary causes of acute chest pain on computed
	tomography obtained in the ER for PE or aortic dissection
	Aamer Chughtai, University of Michigan
e-028	Multifocal lung consolidation: Differential diagnosis & the role of imaging
	Zeid Al-Ani, North Manchester General Hospital
e-029	A review of percutaneous transthoracic CT guided 19 gauge co-axial core biopsies and the uplift in diagnostic
	yield conferred by the addition of fine needle aspiration (FNA) via the co-axial sheath after core biopsy
	acquisition Emily Lemoniati, Northwick Park Hospital, Central Middlesex Hospital
e-030	Non-detected primary lung cancers on chest X-ray: 3 year retrospective review in University Hospital
000	Conor Barry, Department of Radiology, Galway University Hospital
e-032	The utility of computed tomography pulmonary angiogram (CTPA) in making an alternative diagnosis, and its
	impact on management of patients found not to have a pulmonary embolism (PE)
	Maria Tsakok, Imperial College Healthcare Trust
e-033	Aspergillosis in imaging
	Shandeep Momi, AMNCH
0.024	Deduced a cycle CT nulmenent, engingrenhy with FCO/ dece reduction retains clinical ecouremy
e-034	Reduced z-axis CT pulmonary angiography with 56% dose reduction retains clinical accuracy
	Ai-Lee Chang, City Hospitals Sunderland NHS Foundation Trust
Clinical :	Ai-Lee Chang, City Hospitals Sunderland NHS Foundation Trust GI and hepatobiliary
	Ai-Lee Chang, City Hospitals Sunderland NHS Foundation Trust Gl and hepatobiliary An unusual case of shoulder pain
<mark>Clinical:</mark> e-035	Ai-Lee Chang, City Hospitals Sunderland NHS Foundation Trust Gl and hepatobiliary An unusual case of shoulder pain Shyama Mohan, Kettering General Hospital
Clinical :	Ai-Lee Chang, City Hospitals Sunderland NHS Foundation Trust Gl and hepatobiliary An unusual case of shoulder pain Shyama Mohan, Kettering General Hospital TIPS, experience of success and risks of complications
<mark>Clinical:</mark> e-035	Ai-Lee Chang, City Hospitals Sunderland NHS Foundation Trust Gl and hepatobiliary An unusual case of shoulder pain Shyama Mohan, Kettering General Hospital
Clinical: e-035 e-036	Ai-Lee Chang, City Hospitals Sunderland NHS Foundation Trust Gl and hepatobiliary An unusual case of shoulder pain Shyama Mohan, Kettering General Hospital TIPS, experience of success and risks of complications Ziad Hussein, Royal Derby Hospital
Clinical: e-035 e-036	Ai-Lee Chang, City Hospitals Sunderland NHS Foundation Trust Gl and hepatobiliary An unusual case of shoulder pain Shyama Mohan, Kettering General Hospital TIPS, experience of success and risks of complications Ziad Hussein, Royal Derby Hospital CT of abdominal wall hernias, a radiologist's short survival guide
Clinical: e-035 e-036 e-037	Ai-Lee Chang, City Hospitals Sunderland NHS Foundation Trust Gl and hepatobiliary An unusual case of shoulder pain Shyama Mohan, Kettering General Hospital TIPS, experience of success and risks of complications Ziad Hussein, Royal Derby Hospital CT of abdominal wall hernias, a radiologist's short survival guide Anas Hattab, North Manchester General Hospital CT pictorial review of gallstone ileus Ajay Dabra, North Lincolnshire & Goole NHS Foundation Trust
Clinical: e-035 e-036 e-037	Ai-Lee Chang, City Hospitals Sunderland NHS Foundation Trust Gl and hepatobiliary An unusual case of shoulder pain Shyama Mohan, Kettering General Hospital TIPS, experience of success and risks of complications Ziad Hussein, Royal Derby Hospital CT of abdominal wall hernias, a radiologist's short survival guide Anas Hattab, North Manchester General Hospital CT pictorial review of gallstone ileus Ajay Dabra, North Lincolnshire & Goole NHS Foundation Trust Comparison of MRI & ultrasound in the definitive diagnosis of gallstones
Clinical: e-035 e-036 e-037 e-038 e-039	Ai-Lee Chang, City Hospitals Sunderland NHS Foundation Trust Gl and hepatobiliary An unusual case of shoulder pain Shyama Mohan, Kettering General Hospital TIPS, experience of success and risks of complications Ziad Hussein, Royal Derby Hospital CT of abdominal wall hernias, a radiologist's short survival guide Anas Hattab, North Manchester General Hospital CT pictorial review of gallstone ileus Ajay Dabra, North Lincolnshire & Goole NHS Foundation Trust Comparison of MRI & ultrasound in the definitive diagnosis of gallstones Victoria Jones, UCS Ipswich Hospital
Clinical: e-035 e-036 e-037 e-038	Ai-Lee Chang, City Hospitals Sunderland NHS Foundation Trust GI and hepatobiliary An unusual case of shoulder pain Shyama Mohan, Kettering General Hospital TIPS, experience of success and risks of complications Ziad Hussein, Royal Derby Hospital CT of abdominal wall hernias, a radiologist's short survival guide Anas Hattab, North Manchester General Hospital CT pictorial review of gallstone ileus Ajay Dabra, North Lincolnshire & Goole NHS Foundation Trust Comparison of MRI & ultrasound in the definitive diagnosis of gallstones Victoria Jones, UCS Ipswich Hospital Development of an automated recall programme for surveillance liver ultrasound in patients at increased risk
Clinical: e-035 e-036 e-037 e-038 e-039	Ai-Lee Chang, City Hospitals Sunderland NHS Foundation Trust GI and hepatobiliary An unusual case of shoulder pain Shyama Mohan, Kettering General Hospital TIPS, experience of success and risks of complications Ziad Hussein, Royal Derby Hospital CT of abdominal wall hernias, a radiologist's short survival guide Anas Hattab, North Manchester General Hospital CT pictorial review of gallstone ileus Ajay Dabra, North Lincolnshire & Goole NHS Foundation Trust Comparison of MRI & ultrasound in the definitive diagnosis of gallstones Victoria Jones, UCS Ipswich Hospital Development of an automated recall programme for surveillance liver ultrasound in patients at increased risk of hepatocellular carcinoma
Clinical: e-035 e-036 e-037 e-038 e-039 e-040	Ai-Lee Chang, City Hospitals Sunderland NHS Foundation Trust GI and hepatobiliary An unusual case of shoulder pain Shyama Mohan, Kettering General Hospital TIPS, experience of success and risks of complications Ziad Hussein, Royal Derby Hospital CT of abdominal wall hernias, a radiologist's short survival guide Anas Hattab, North Manchester General Hospital CT pictorial review of gallstone ileus Ajay Dabra, North Lincolnshire & Goole NHS Foundation Trust Comparison of MRI & ultrasound in the definitive diagnosis of gallstones Victoria Jones, UCS Ipswich Hospital Development of an automated recall programme for surveillance liver ultrasound in patients at increased risk of hepatocellular carcinoma Catriona Farrell, Royal Liverpool and Broadgreen Hospitals Trust
Clinical: e-035 e-036 e-037 e-038 e-039	Ai-Lee Chang, City Hospitals Sunderland NHS Foundation Trust GI and hepatobiliary An unusual case of shoulder pain Shyama Mohan, Kettering General Hospital TIPS, experience of success and risks of complications Ziad Hussein, Royal Derby Hospital CT of abdominal wall hernias, a radiologist's short survival guide Anas Hattab, North Manchester General Hospital CT pictorial review of gallstone ileus Ajay Dabra, North Lincolnshire & Goole NHS Foundation Trust Comparison of MRI & ultrasound in the definitive diagnosis of gallstones Victoria Jones, UCS Ipswich Hospital Development of an automated recall programme for surveillance liver ultrasound in patients at increased risk of hepatocellular carcinoma Catriona Farrell, Royal Liverpool and Broadgreen Hospitals Trust What's that at the anorectal junction?
Clinical: e-035 e-036 e-037 e-038 e-039 e-040 e-041	Ai-Lee Chang, City Hospitals Sunderland NHS Foundation Trust Cl and hepatobiliary An unusual case of shoulder pain Shyama Mohan, Kettering General Hospital TIPS, experience of success and risks of complications Ziad Hussein, Royal Derby Hospital CT of abdominal wall hernias, a radiologist's short survival guide Anas Hattab, North Manchester General Hospital CT pictorial review of gallstone ileus Ajay Dabra, North Lincolnshire & Goole NHS Foundation Trust Comparison of MRI & ultrasound in the definitive diagnosis of gallstones Victoria Jones, UCS Ipswich Hospital Development of an automated recall programme for surveillance liver ultrasound in patients at increased risk of hepatocellular carcinoma Catriona Farrell, Royal Liverpool and Broadgreen Hospitals Trust What's that at the anorectal junction? Atique Imam, Great Western Hospital NHS Foundation Trust
Clinical: e-035 e-036 e-037 e-038 e-039 e-040	Ai-Lee Chang, City Hospitals Sunderland NHS Foundation Trust GI and hepatobiliary An unusual case of shoulder pain Shyama Mohan, Kettering General Hospital TIPS, experience of success and risks of complications Ziad Hussein, Royal Derby Hospital CT of abdominal wall hernias, a radiologist's short survival guide Anas Hattab, North Manchester General Hospital CT pictorial review of gallstone ileus Ajay Dabra, North Lincolnshire & Goole NHS Foundation Trust Comparison of MRI & ultrasound in the definitive diagnosis of gallstones Victoria Jones, UCS Ipswich Hospital Development of an automated recall programme for surveillance liver ultrasound in patients at increased risk of hepatocellular carcinoma Catriona Farrell, Royal Liverpool and Broadgreen Hospitals Trust What's that at the anorectal junction?
Clinical: e-035 e-036 e-037 e-038 e-039 e-040 e-041 e-042	Ai-Lee Chang, City Hospitals Sunderland NHS Foundation Trust Gl and hepatobiliary An unusual case of shoulder pain Shyama Mohan, Kettering General Hospital TIPS, experience of success and risks of complications Ziad Hussein, Royal Derby Hospital CT of abdominal wall hernias, a radiologist's short survival guide Anas Hattab, North Manchester General Hospital CT pictorial review of gallstone ileus Ajay Dabra, North Lincolnshire & Goole NHS Foundation Trust Comparison of MRI & ultrasound in the definitive diagnosis of gallstones Victoria Jones, UCS Ipswich Hospital Development of an automated recall programme for surveillance liver ultrasound in patients at increased risk of hepatocellular carcinoma Catriona Farrell, Royal Liverpool and Broadgreen Hospitals Trust What's that at the anorectal junction? Atique Imam, Great Western Hospital NHS Foundation Trust Audit of ultrasonography findings in cases of abnormal MRCP
Clinical: e-035 e-036 e-037 e-038 e-039 e-040 e-041 e-042	Ai-Lee Chang, City Hospitals Sunderland NHS Foundation Trust GI and hepatobiliary An unusual case of shoulder pain Shyama Mohan, Kettering General Hospital TIPS, experience of success and risks of complications Ziad Hussein, Royal Derby Hospital CT of abdominal wall hernias, a radiologist's short survival guide Anas Hattab, North Manchester General Hospital CT pictorial review of gallstone ileus Ajay Dabra, North Lincolnshire & Goole NHS Foundation Trust Comparison of MRI & ultrasound in the definitive diagnosis of gallstones Victoria Jones, UCS Ipswich Hospital Development of an automated recall programme for surveillance liver ultrasound in patients at increased risk of hepatocellular carcinoma Catriona Farrell, Royal Liverpool and Broadgreen Hospitals Trust What's that at the anorectal junction? Atique Imam, Great Western Hospital NHS Foundation Trust Audit of ultrasonography findings in cases of abnormal MRCP Shyama Mohan, Kettering General Hospital
Clinical: e-035 e-036 e-037 e-038 e-039 e-040 e-041 e-041 e-042	Ai-Lee Chang, City Hospitals Sunderland NHS Foundation Trust Gl and hepatobiliary An unusual case of shoulder pain Shyama Mohan, Kettering General Hospital TIPS, experience of success and risks of complications Ziad Hussein, Royal Derby Hospital CT of abdominal wall hernias, a radiologist's short survival guide Anas Hattab, North Manchester General Hospital CT pictorial review of gallstone ileus Ajay Dabra, North Lincolnshire & Goole NHS Foundation Trust Comparison of MRI & ultrasound in the definitive diagnosis of gallstones Victoria Jones, UCS Ipswich Hospital Development of an automated recall programme for surveillance liver ultrasound in patients at increased risk of hepatocellular carcinoma Catriona Farrell, Royal Liverpool and Broadgreen Hospitals Trust What's that at the anorectal junction? Atique Imam, Great Western Hospital NHS Foundation Trust Audit of ultrasonography findings in cases of abnormal MRCP Shyama Mohan, Kettering General Hospital Paediatrics The use of MRI for further evaluating complications of sinusitis and mastoid infections in paediatric patients Pavan Najran, University Hospital North Midlands
Clinical: e-035 e-036 e-037 e-038 e-039 e-040 e-041 e-041 e-042	Ai-Lee Chang, City Hospitals Sunderland NHS Foundation Trust Gl and hepatobiliary An unusual case of shoulder pain Shyama Mohan, Kettering General Hospital TIPS, experience of success and risks of complications Ziad Hussein, Royal Derby Hospital CT of abdominal wall hernias, a radiologist's short survival guide Anas Hattab, North Manchester General Hospital CT pictorial review of gallstone ileus Ajay Dabra, North Lincolnshire & Goole NHS Foundation Trust Comparison of MRI & ultrasound in the definitive diagnosis of gallstones Victoria Jones, UCS Ipswich Hospital Development of an automated recall programme for surveillance liver ultrasound in patients at increased risk of hepatocellular carcinoma Catriona Farrell, Royal Liverpool and Broadgreen Hospitals Trust What's that at the anorectal junction? Atique Imam, Great Western Hospital Nettering General Hospital Paediatrics The use of MRI for further evaluating complications of sinusitis and mastoid infections in paediatric patients Pavan Najran, University Hospital North Midlands A pictorial review of branchial cleft abnormalities
Clinical: e-035 e-036 e-037 e-038 e-039 e-040 e-041 e-042 Clinical: e-043 e-044	Ai-Lee Chang, City Hospitals Sunderland NHS Foundation Trust Gl and hepatobiliary An unusual case of shoulder pain Shyama Mohan, Kettering General Hospital TIPS, experience of success and risks of complications Ziad Hussein, Royal Derby Hospital CT of abdominal wall hernias, a radiologist's short survival guide Anas Hattab, North Manchester General Hospital CT pictorial review of gallstone ileus Ajay Dabra, North Lincolnshire & Goole NHS Foundation Trust Comparison of MRI & ultrasound in the definitive diagnosis of gallstones Victoria Jones, UCS Ipswich Hospital Development of an automated recall programme for surveillance liver ultrasound in patients at increased risk of hepatocellular carcinoma Catriona Farrell, Royal Liverpool and Broadgreen Hospitals Trust What's that at the anorectal junction? e-047	Developing CT-based finite element models of children's bones. Patient and public involvement in protocol
	development
0.40	Amaka Offiah, The University of Sheffield
e-048	Optimisation of radiographers' practice in paediatrics computed radiography for full spine curvature
	measurements using a phantom: a pilot study Peter Hogg, University of Salford
e-049	Craniosynosostosis imaging in the South West
045	Muhammad Yaman Adi, Plymouth Radiology Academy
e-050	Enhancing expertise in trainee radiologists: Phase 1 development of a training task
	Amaka Offiah, The University of Sheffield
Clinical:	Uroradiology; gynaecology; obstetrics
e-051	Optimisation of CT urography: Comparing 6 protocols.
	Jonathan Mo, Norfolk and Norwich University Hospital
e-052	Magnetic resonance imaging in staging of endometrial cancer: A systematic review
- 052	Godwin Uloko Ochube, University of Hertfordshire
e-053	Testicular lumps and bumps; a simplified ultrasound approach for radiology registrars
Clinical	Anas Hattab, North Manchester General Hospital Intervention and trauma
e-054	New approach in acute bowel obstruction management
001	Julia Sidorova, Botkin Hospital
e-055	Major trauma: A spectrum of findings in body viscera
	Donal Bradley, Royal Preston Hospital
e-056	Major trauma: A spectrum of findings in craniofacial and spinal trauma
	Donal Bradley, Royal Preston Hospital
e-057	Occult hip fractures: The role of mri in diagnosis and patient management
	Kirsty Straker, Sheffield Teaching Hospitals NHS Trust
e-058	An introduction to medical imaging within motorsport
	Ryan Barrett, University of Hertfordshire
e-059	The visibility of radiolucent soft tissue penetrating foreign bodies
	Jane Harvey-Lloyd, University College Suffolk
	Multisystem disorders
e-060	Air at unusual sites: causes and snapshots of pneumomediastinum Stavroula Theodorou, Department of Radiology, General Hospital of Ioannina, Greece
e-061	Imaging to exclude VTE; a retrospective evaluation of 772 patients with a negative d-dimer assay
001	Fiona Minns, NHS Lothian
Errors ar	nd discrepancies
e-062	A study to compare child protection guidelines and the implications for radiographers in three European
	countries
	Michaela Davis, University College Dublin
e-063	Reality or science fiction? A comparison of concordance in clinical presentation against referral forms in
	requests for abdominal radiographs in the emergency setting
	William Maynard, Kingston Hospital NHS Trust
e-064	Lessons learnt from 7 years of referrals to the melanoma MDT in a tertiary referral unit
	Oliver Hulson, Leeds Teaching Hospitals NHS Trust
	nformatics
e-065	Using social media in research
History	Leslie Robinson, University of Salford
e-066	Anatomy teaching through the ages
000	Muhammad Yaman Adi, Peninsula Radiology Academy
Innovati	on in service delivery
e-067	A study to investigate the quality management of healthcare in Saudi Arabia and its Impact on clinical MRI
	service delivery
	Walaa Alsharif, University College Dublin
e-068	Radiographer preliminary clinical evaluation: A safe approach to reduce waiting times in accident &
	emergency?
	Alison Hunt, Sheffield Hallam University

e-069	
0005	Efficacy of ultrasound guided subcapsular local anaesthetic injection in patients undergoing liver biopsy
	Kumar Subramanian, Luton and Dunstable NHS Trust
e-070	Audit and reaudit cycles of an evolving DVT imaging pathway
	Clive Vandervelde, Hampshire Hospitals NHS Foundation Trust
e-071	Patient satisfaction survey: Radiofrequency ablation (RFA) - clinic visit
	Shahad Yahya, Heart of England NHS Trust
e-072	Patient satisfaction survey: Radiofrequency ablation (RFA) - procedure day
	Shahad Yahya, Heart of England NHS Trust
e-073	Interruptions to the workflow of radiologists and radiographers
	Radhika Prasad, Leighton Hospital, Mid Cheshire Hospitals NHS Foundation Trust
e-074	Patient experience in radiology department
	Ai-Lee Chang, City Hospitals Sunderland NHS Foundation Trust
Professi	onal training and education
e-075	Service user participation; realizing the benefits for education provision
	Soph Willis, City University London
e-076	Foundation doctors' knowledge of Ionising Radiation (Medical Exposure) Regulation (IR(ME)R) and exposure
	Nassim Parvizi, Oxford University Hospitals NHS Trust
e-077	Cultural humility model of cross cultural communication skills training
	Anil Jain, The Nightingale Centre and Genesis Prevention Centre, University Hospital of South Manchester NHS
	Foundation Trust and Manchester Academic Health Sciences Centre
Nuclear
