

Bursaries for attendance at UKIO 2024

Introduction

Radiology and Oncology Congresses is a charity, registered in the UK, which organises conferences in the fields of medical imaging (the UK Radiology Congress, UKRC) and Radiation Oncology (the UK Radiation Oncology Congress, UKRO) relaunched as UK Imaging and Oncology Congress - UKIO - in 2019.

The Trustees of ROC award bursaries to support attendance in order to present work at its conferences. Awards are intended for the benefit of individuals in training or in the early part of their professional career **and** for whom attendance at the congress would present significant financial challenge.

In any one year, ROC will award up to eight bursaries for individuals residing in the United Kingdom (UK) and six bursaries for applicants residing outside the UK, with preference being given to applicants from lower- and middle-income countries as defined by the World Bank.

Bursaries consist of full registration for the UKIO congress, return travel to the host city and hotel accommodation (to include breakfast).

Criteria for Bursary Awards

Applicants must:

- Be in training in the fields of diagnostic imaging or radiation oncology or as a relevant health professional **OR** be within the first 5 years post qualification.
- Provide evidence of their professional registration (where relevant), qualifications and/or course details (for students / trainees) in the fields of Radiology, Medical Physics or Radiography.
- Provide details of professional memberships.
- Have submitted a paper or poster for presentation and received notification that the item has been accepted.
- Provide a copy of the abstract and the acceptance reference number as part of the application for bursary support.
- Commit to submit their research for publication in a peer reviewed journal published by or on behalf of the British Institute of Radiology, the Institute of Physics and Engineering in Medicine or the Society and College of Radiographers.
- Agree to be interviewed and photographed for publication in newsletters produced by ROC partner organisations.
- Provide the following to support the application:
 - Details of other support applied for in connection with this application
 - Confirmation of availability to attend UKIO
 - A statement confirming eligibility for the bursary and demonstrating the benefits that an award would bring to the individual and to improved practice in their workplace.
- Use the UKIO application form to provide all information.
- Have not received the prize before to attend the previous UKIO congress

In addition, for those residents outside the UK, applicants must:

- State their current nation of residence.
- Agree to flight / travel arrangements being made through the agency designated by the conference organisers.
- Apply for any necessary visa as early as possible on notification of the award.

Application Process

Completed applications should be submitted using the [online application form](#).

The closing date for bursary applications to attend the 2024 congress is 1 April 2024. All applications will be acknowledged via e-mail and UKIO will inform successful applicants via e-mail as soon as possible after the closing date.

Bursary Application Adjudication

UKIO will establish a panel which will include a representative from each of the three core professions (Medical Physics and Engineering; Radiography; Radiology / Clinical Oncology).

The panel will receive all valid applications on the closing date via e-mail and discussions and decision making, after individual evaluation of the applications will be completed by teleconference.

Adjudication Criteria

- Mandatory application requirements met and supporting details present.
- Prioritise UK applicants on the basis of:
 - Evidence that the individual would not be able to attend without an award
 - Quality of statement of interest
 - Members of BIR / SCoR / IPEM
 - Oral presentations prioritised over poster presentations
- Prioritise International applicants on the basis of:
 - Residency in lower and middle income countries, as defined by the World Bank (see: http://data.worldbank.org/about/country-classifications/country-and-lending-groups#Upper_middle_income)
 - Quality of statement of interest
 - Oral presentations prioritised over poster presentations
