

MONDAY 10 JUNE 2024																	
Time	1	2	3	4	5	6	Trainees	Students	Case reviews	Hands-on ultrasound	Service delivery hub	Innovation hub	Clinical hub	Education on the stands (on exhibitors' stand)	Education on the stands (on exhibitors' stand)	Wellbeing hub	Time
08:00-09:00	Registration 08:00-09:00 - First-timers & international delegates breakfast <i>BALCONY</i>									EXHIBITION CLOSED							08:00-09:00
09:00-09:50	Plenary 1: Why you can think about reducing health inequalities <i>Dr Tammy Boyce, Senior Research Associate, Institute of Health Equity</i> HALL 1A																09:00-09:50
09:50-10:35	Exhibition & refreshments <i>EXHIBITION HALLS</i>													Nanosonics: Benefits of automation (10:00-10:15)	Siemens Healthineers: Optimising clinical efficiency - simplifying your neuro CT workflow (10:00-10:25)	Chair yoga (10:00-10:20)	09:50-10:35
10:35-11:35	A1: Clinical oncology ART - clinical implementation on the Ethos system ROOM 3B	A2: Proffered papers Workforce recruitment ROOM 3A	A3: Emergency & trauma Post-operative complications in body Imaging HALL 1B	A4: Head & neck Lymph node top tips and a patient's experience of head and neck cancer ROOM 11B	A5: Digital technology Towards autonomous reporting – how to get there HALL 1C		A6: Trainee masterclas DKT: Pearls for FRCR - CT in acute abdomen Part 1 ROOM 12			A7: MSK U/S Upper ULTRASOUND HUB	A8: Sponsored session Guerbet Innovation in MRI – Elucirem Gadopiclenol SERVICE DELIVERY HUB			Agfa HealthCare: Image access and workflow sharing in UK Imaging Networks (10:30-10:50) Cobalt Health: Imaging the Achilles tendon (10:35-11:20) Nanosonics: How to clean and disinfect ultrasound probes (11:00-11:15)	Siemens Healthineers: Deep Resolve expanded (10:30-10:55) Siemens Healthineers: 3D intraoperative imaging & beyond (11:00-11:25)		10:35-11:35
11:40-12:40	B1: Clinical oncology ART - clinical implementation on the MR Linac ROOM 11B	B2: Proffered papers Developing the workforce ROOM 3A	B3: Service op, QI, policy Improving our imaging services HALL 1B	B4: Neuro Hyperacute stroke imaging for the generalist ROOM 3B	B5: GI & hep Colorectal cancer - from detection of colonic polyps to staging tumours ROOM 4A		B6: Trainee masterclass DKT: Pearls for FRCR - CT in acute abdomen Part 2 ROOM 12		B7: Emergency & trauma Case reviews - challenging cases ROOM 11A	B8: MSK U/S Lower ULTRASOUND HUB		B9: Sponsored session Fujifilm Healthcare Innovating for people INNOVATION HUB		Cobalt Health: How to write a systematic review (11:40-12:25) GE HealthCare: MRI Prostate: when PIRADS meets AIRTm Recon DL (12:00-12:15) Nanosonics: Understanding High Level Disinfection (12:00-12:15)	Siemens Healthineers: Photon Counting CT - cutting edge technology your new clinical routine (11:30-11:55) Siemens Healthineers: Mastering X-Ray imaging excellence with precision and intelligence (12:00-12:25)		11:40-12:40

12:45-13:30	Society lectures SCoR Stanley Melville Memorial Lecture: Footsteps for our future - societal impact Professor Marc Griffiths HALL 1C												GE HealthCare: Gemstone spectral imaging CT for oncology monitoring (12:45-13:05)			12:45-13:30
12:40-14:00	Exhibition & lunch EXHIBITION HALLS								MSK U/S Upper (12:55-13:55) ULTRASOUND HUB	Pitch your project (12:55-13:55)	Sponsored session Dedalus Transforming the digital front door (12:55-13:55) INNOVATION HUB		GE HealthCare: Uncompromised cardiac CT (13:20-13:35) GE HealthCare: Cardiac MR at the speed of life (13:40-14:00)	MIS Healthcare Exposure Index and Deviation Index on DR system (13:00-13:25)	Guided meditation (12:45-13:05) The ultimate balancing act - work, life, and wellbeing (13:35-13:55)	12:40-14:00
14:00-15:00 BIG HITTER SESSIONS	C1: Clinical oncology Radiotherapy UK: Setting our sights on world-class radiotherapy – right patient, right treatment, right time HALL 1B	C2: Patients Death & dying breaking the silence HALL 1C	C3: Edu & workforce Appreciating the benefits of the wider workforce HALL 1A	C4: Sponsored session GE HealthCare The impact of AI on MR imaging in neuroradiology ROOM 3A								GE HealthCare: Stress CMR (13:55-14:10) Nanosonics: Benefits of automation (14:00-14:15) Cobalt Health: Empowering MRI students in alignment with the revised HCPC standards of proficiency (14:00-14:45)	Siemens Healthineers: Ultrasound in the liver pathway – what can my ACUSON Sequoia Crown do for me? (14:00-14:20) Siemens Healthineers: Get connected with Fleet (14:30-14:55)		14:00-15:00 BIG HITTER SESSIONS	
15:00-15:40	Exhibition & refreshments EXHIBITION HALLS									Poster discussions - meet the authors (15:00-15:40) SERVICE DELIVERY HUB	SCoR/RCR QSI: Launch of Quality Standard for Imaging, QSI, quality improvement scheme (15:10-15:40) INNOVATION HUB		GE HealthCare: Radiation protection using C-Arms (15:00-15:30) Nanosonics: How to clean and disinfect ultrasound probes (15:00-15:15)	Agfa HealthCare: Image streaming technology, radiology productivity and data security (15:10-15:30)	Chair yoga (15:15-15:35)	15:00-15:40
15:40-16:40	D1: Urology Urology transplant, patient experiences and radiology factors to consider ROOM 4A	D2: Proffered papers Patient-centred care in radiotherapy HALL 1B	D3: Edu & workforce Apprenticeships - from acorns to mighty oaks. Development in action ROOM 3B	D4: Industry (UKIO curated) Innovation in radiology - addressing the needs of patients, staff and the planet HALL 1C	D5: Digital technology The next frontier in AI – Application of LLMs, foundation models & generative AI in radiology ROOM 3A	D6: Hot topic Improving sexual safety ROOM 11B	D7: FRCR Viva teaching tutorial ROOM 12		D8: Neuro Case reviews: Interpreting hyperacute stroke CT imaging in the thrombectomy era ROOM 11A			GE HealthCare: The power of AI in X-ray imaging (15:45-16:00) Nanosonics: Understanding High Level Disinfection (16:00-16:15)	BSHR: Art & artefact (16:00-16:20)		15:40-16:40	

16:45- 17:45	E1: Emergency & trauma Emergency vascular imaging & intervention – what the generalist needs to know <i>ROOM 3B</i>	E2: Proffered papers Academic and clinical research <i>HALL 1B</i>	E3: Research Workplace culture <i>ROOM 3A</i>	E4: Service op, QI, policy Optimisation of radiotherapy services through the patient voice <i>ROOM 11B</i>	E5: SCoR Education and Career Framework – guidance for service managers <i>HALL 1C</i>	E6: SCoR ASRT Radiation therapist perceptions of triggering aspects of care for sexual violence survivors <i>ROOM 11C</i>	E7: Trainee masterclass DKT: Pearls for FRCR - Neuroradiology <i>ROOM 12</i>		E8: GI & hep Case reviews <i>ROOM 11A</i>	E9: Head & neck U/S <i>ULTRASOUND HUB</i>		E10: Sponsored session Medica Tackling acute imaging workloads with (tele)radiology AI <i>INNOVATION HUB</i>					16:45- 17:45
17:45-19:00	Exhibition reception - meet and network with colleagues, and view the ePosters. (17:30-18:30) <i>EXHIBITION HALLS</i>										Doctorate den Publishing skills <i>SERVICE DELIVERY HUB</i>	Poster discussions - meet the authors (18:00-18:30) <i>INNOVATION HUB</i>					17:45-19:00

TUESDAY 11 JUNE 2024

Time	1	2	3	4	5	6	Trainees	Students	Case reviews	Hands-on ultrasound	Service delivery hub	Innovation hub	Clinical hub	Education on the stands (on exhibitors' stand)	Education on the stands (on exhibitors' stand)	Wellbeing hub	Time		
08:45	Registration															08:45			
09:15-11:00	<div>Plenary 2 - Health inequalities panel</div> <div>Leeanne Adu, Ambassador, The Leanne Pero Foundation; Darren McGarvey (Loki), Author, Musician, and Social Commentator; and Dr Rachel Clarke, Author and Palliative Care Doctor</div> <div>HALL 1A</div>									EXHIBITION CLOSED (opens at 10:00)						<div>GE HealthCare: MRI prostate: when PIRADS meets AIRTm Recon DL (10:00-10:15)</div> <div>Nanosonics: Benefits of automation (10:00-10:15)</div> <div>GE HealthCare: Gemstone spectral imaging CT for oncology monitoring (10:45-11:05)</div>	<div>Siemens Healthineers: Optimising clinical efficiency - simplifying your neuro CT workflow (10:00-10:25)</div> <div>Siemens Healthineers: Deep Resolve expanded (10:30-10:55)</div> <div>Oxipit ChestLink in action (10:30-11:00)</div>		09:15-11:00

11:00-11:40	Exhibition & refreshments EXHIBITION HALLS										SoR Leadership Mentoring Scheme (LMS) (11:10-11:40) SERVICE DELIVERY HUB			Nanosonics: How to clean and disinfect ultrasound probes (11:00-11:15) MIS Healthcare Exposure Index and Deviation Index on DR systems (11:10-11:35) GE Healthcare: Uncompromise d cardiac CT (11:30-11:45)	Siemens Healthineers: 3D intraoperative imaging and beyond (11:00-11:25) Agfa HealthCare Peer learning tool (11:10-11:30) Cobalt Health: Empowering MRI students in alignment with the revised HCPC standards of proficiency (11:40-12:25)	Banish the burnout - solution through prevention (11:10-11:35)	11:00-11:40
11:40-12:40	F1: Clinical oncology Environmental sustainability in oncology ROOM 11C	F2: Proffered papers Paediatrics ROOM 3A	F3: MSK Imaging the foot & ankle HALL 1A	F4: Physics & RP New frontiers in proton therapy science in practice ROOM 11B	F5: Patients Marginalised communities matter ROOM 3B		F6: Trainee masterclass DKT: Pearls for FRCR - Breast imaging ROOM 12		F7: Chest & lung Chest CT case reviews - read with the experts ROOM 11A	F8: MSK U/S Lower ULTRASOUND HUB		F9: Sponsored session GE Healthcare Aggregating data and improving efficiencies INNOVATION HUB	F10: Sponsored session Medcurrent Local and regional impacts of iRefer CDS on imaging referral appropriatenes s CLINICAL HUB (ROOM 4A)	GE Healthcare: Cardiac MR at the speed of life (11:50-12:05) Nanosonics: Understanding High Level Disinfection (12:00-12:15) GE Healthcare: Stress CMR (12:10-12:25) GE Healthcare: Radiation protection using C-Arms (12:30-13:00)	Siemens Healthineers: Photon Counting CT - cutting edge technology your new clinical routine (11:30-11:55) Siemens Healthineers: Mastering X- Ray imaging excellence with precision and intelligence (12:00-12:25)		11:40-12:40
12:45-13:30	Society lectures SCoR William Stripp Memorial Lecture: Musculoskeletal ultrasound education - meeting demands Lorelei Wareing HALL 1B					Society lectures IPEM Douglas Lea Lecture: Reirradiation - our next radiotherapy frontier Dr Ane Appelt HALL 1C											12:45-13:30

12:40-14:00	Exhibition & lunch EXHIBITION HALLS								MSK U/S Upper (12:55-13:55) ULTRASOUND HUB	Sponsored session Lunit <i>AI in breast & chest imaging: Large-scale research for real-world implementation</i> (12:55-13:55) SERVICE DELIVERY HUB	Sponsored session Qure.ai Routes to AI adoption – real world examples (12:55-13:55) INNOVATION HUB				Chair yoga (12:45-13:05) Banish the burnout - solution through prevention (13:30-13:55)	12:40-14:00
14:00-15:00 BIG HITTER SESSIONS	G1: Digital technology AI in the NHS – the current state of play HALL 1A	G2: Edu & workforce Imaging Training Academies - showcasing the value- added approach to education and training ROOM 3A	G3: Service op, QI, policy DIAGNOSTICS: RECOVERY AND RENEWAL – The Richard’s Review update HALL 1B	G4: Sponsored session Siemens Healthineers: Photon counting CT - benefits over conventional CT and clinical implementatio n HALL 1C									Nanosonics: Benefits of automation (14:00-14:15) BSHR: Bone age (14:30-14:50) Siemens Healthineers: Sequoia Crown do for me? (14:00-14:20) Siemens Healthineers: Get connected with Fleet (14:30-14:55)	Siemens Healthineers: Ultrasound in the liver pathway – what can my ACUSON Sequoia Crown do for me? (14:00-14:20)		14:00-15:00 BIG HITTER SESSIONS
15:00-15:40	Exhibition & refreshments EXHIBITION HALLS									CoR The CoR Formal Radiography Research Mentoring scheme (FoRRM) (15:10-15:40) SERVICE DELIVERY HUB			Nanosonics: How to clean and disinfect ultrasound probes (15:00-15:15) Cobalt Health: Tips on shoulder MRI/imaging (15:00-15:45)	BSHR: Art & artefact (15:30-15:50)	Banish the burnout - solution through prevention (15:10-15:35)	15:00-15:40
15:40-16:40	H1: Wellbeing Steps to workforce wellness HALL 1A	H2: Proffered papers Inclusion HALL 1B	H3: Obs & gynae O&G update ROOM 11B	H4: Physics & RP MRI for real time inter- operative, whole-body scan and “chasing” toxicity HALL 1C	H5: Chest & lung Chest imaging pixels to pathology ROOM 3A		H6: Trainee masterclass DKT: Pearls for FRCR - MSK ROOM 12		H7: Breast biopsy ULTRASOUND HUB		H8: Sponsored session GE HealthCare The Impact of AI in CT INNOVATION HUB	GE HealthCare: The power of AI in X-ray imaging (15:45-16:00) Nanosonics: Understanding High Level Disinfection (16:00-16:15)		Guided meditation (16:00-16:20)	15:40-16:40	

16:45-17:45	I1: Clinical oncology The PROSECCA project - improving Radiotherapy in PROState cancer using eleCtronic population based healthCAre data <i>HALL 1B</i>	I2: Proffered papers Service innovation and development <i>ROOM 3A</i>	I3: Paeds Imaging children - improving the patient journey <i>HALL 1A</i>	I4: Industry (UKIO curated) Digital solutions in radiology practice - case studies <i>ROOM 11B</i>	I5: Research Clinical trials <i>ROOM 11C</i>	I6: MSK Imaging the shoulder <i>HALL 1C</i>	I7: Trainee masterclass DKT: Pearls for FRCR - rapid reporting <i>ROOM 12</i>	I8: Physics & RP Sustainability in imaging and beyond <i>ROOM 3B</i>	I9: Urology Case reviews <i>ROOM 11A</i>								16:45-17:45
19:30-late	Tuesday social: The Great UKIO Quiz (by purchased ticket only) - CAMP & FURNACE																19:30-late

WEDNESDAY 12 JUNE 2024

Time	1	2	3	4	5	6	Trainees	Students	Case reviews	Hands-on ultrasound	Service delivery hub	Innovation hub	Clinical hub	Education on the stands (on exhibitors' stand)	Education on the stands (on exhibitors' stand)	Wellbeing hub	Time
08:15	Registration opens (Exhibition opens at 09:00)									EXHIBITION CLOSED (opens at 09:00)							08:15
08:45-09:45	J1: Clinical oncology Imaging tumour biology for radiotherapy planning & guidance <i>HALL 1B</i>	J2: Proffered papers Breast <i>ROOM 11B</i>	J3: Cardiac Insights in cardiac imaging & oncology <i>HALL 1C</i>	J4: Physics & RP Nuclear medicine <i>ROOM 3B</i>	J5: BAMRR Contemporary topics in MRI <i>HALL 1A</i>												08:45-09:45
09:50-10:50	K1: Clinical oncology SABR for Ventriculat Tachycardia (runs until 11:15) <i>HALL 1B</i>	K2: Proffered papers AI & simulation <i>ROOM 3B</i>	K3: Patients CoR Patient Voice: Navigating the NHS digital first policy - sharing an individual lived experience and interactive workshop <i>ROOM 12</i>	K4: Physics - professional Medical physics and biomedical engineering professionals' matter — how does it matter? <i>ROOM 11C</i>	K5: Research PROMs <i>SERVICE DELIVERY HUB</i>	K6: MSK Challenging shoulder injury management cases MDT <i>ROOM 11B</i>	K7: Trainee masterclass DKT: Pearls for FRCR - emergency radiology <i>ROOM 4A</i>	K8: Students How to present your research <i>HALL 1C</i>	K9: Breast Case reviews <i>ROOM 11A</i>	K10: MSK U/S Upper <i>ULTRASOUND HUB</i>		K11: Sponsored session Sponsored session Fujifilm Healthcare Pioneering new innovations in imaging & oncology <i>INNOVATION HUB</i>		Nanosonics: Benefits of automation (10:00-10:15) BSHR: Art & artefact (10:00-10:20)	Siemens Healthineers Optimising clinical efficiency - simplifying your neuro CT workflow (10:00-10:25) Siemens Healthineers Deep Resolve expanded (10:30-10:55)		09:50-10:50
10:50-12:00	Exhibition & refreshments <i>EXHIBITION HALLS</i>									MSK U/S Lower (11:00-11:55) <i>ULTRASOUND HUB</i>		Sponsored session EOS Imaging EOS the future gold standard for surgical & non-surgical MSK imaging (10:55-11:55) <i>INNOVATION HUB</i>		Nanosonics: How to clean and disinfect ultrasound probes (11:00-11:15) Cobalt Health: The imaging aspects of hip pain (11:00-11:45)	BSHR: Bone age (11:00-11:20) Siemens Healthineers 3D intraoperative imaging and beyond (11:00-11:25)	The ultimate balancing act - work, life, and wellbeing (11:30-11:50)	10:50-12:00

11:15-11:55	Society lectures SCoR Martine Jackson Memorial Lecture: Set up errors to patient comfort in radiotherapy – a journey of discovery <i>Simon Goldsworthy</i> HALL 1C														11:15-11:55
12:00-12:45	Plenary 3 Current and future challenges for the imaging and oncology workforce - Dr Katharine Halliday, President, RCR ePoster & proffered paper prizes Pitch your project research funding awards HALL 1A												Nanosonics: Understanding High Level Disinfection (12:00-12:15)		12:00-12:45
12:45-13:45	Exhibition & lunch (Exhibition closes at 15:00) EXHIBITION HALLS								Breast biopsy (12:50-13:45) ULTRASOUND HUB	Poster discussions - meet the authors (13:00-13:30) SERVICE DELIVERY HUB	Poster discussions - meet the authors (13:00-13:30) INNOVATION HUB			The ultimate balancing act - work, life, and wellbeing (13:15-13:35)	12:45-13:45
13:45-14:45	L1: Clinical oncology Implementing the MR sim in radiotherapy - radiographer collaboration ROOM 11B	L2: Proffered papers Education & training ROOM 3B		L3: Industry (UKIO curated) Delivery of frontline radiology services - looking into the future HALL 1A	L4: Service op, QI, policy Imaging improvement initiatives HALL 1B	L5: Physics & RP Radiology physics - optimisation, screening and audit ROOM 11C	L6: Trainee masterclass DKT: Pearls for FRCR - thoracic imaging ROOM 12	L7: Students Converting curiosity into a research career HALL 1C		L8: Proffered papers History				Siemens Healthineers Ultrasound in the liver pathway – what can my ACUSON Sequoia Crown do for me? (14:00-14:20)	13:45-14:45
14:50-15:50	M1: Edu & workforce Leadership within radiography - exploring & nurturing potential HALL 1A	M2: Proffered papers Radiotherapy service ROOM 11C	M3: Breast Personalised care & improving outcomes ROOM 4A	M4: Digital technology Developing trust in AI – pre- deployment & post-market surveillance HALL 1B	M5: Research Qualitative research methods ROOM 3B	M6: MSK Challenging hip injury management cases ROOM 11B	M7: Trainee masterclass DKT: Pearls for FRCR - cardiac imaging ROOM 12	M8: Students How to use AI in your research process HALL 1C							14:50-15:50
