

15:00-15:40	Exhibition & refreshments												SCoR/RCR QSI: Launch of Quality Standard for Imaging, QSI, quality improvement scheme (15:10-15:40)			Supplier showcase drop-in	15:00-15:40
15:40-16:40	<b>D1: Urology</b> Urology transplant, patient experiences and radiology factors to consider	<b>D2: Proffered papers</b> Patient-centred care in radiotherapy	<b>D3: Edu &amp; workforce</b> Apprenticeships - from acorns to mighty oaks. Development in action	<b>D4: Industry (UKIO curated)</b> Innovation in radiology - addressing the needs of patients, staff and the planet	<b>D5: Digital technology</b> The next frontier in AI - Application of LLMs, foundation models & generative AI in radiology	<b>D6: Hot topic</b> Improving sexual safety	<b>D7: FRCR Viva</b> teaching tutorial		<b>D8: Neuro</b> Case reviews: Interpreting hyperacute stroke CT imaging in the thrombectomy era		<b>D9: Sponsored session</b>				<b>D10: Sponsored session</b>		15:40-16:40
16:45- 17:45	<b>E1: Emergency &amp; trauma</b> Emergency vascular imaging & intervention – what the generalist needs to know	<b>E2: Proffered papers</b> Academic and clinical research	<b>E3: Research</b> Workplace culture	<b>E4: Service op, QI, policy</b> Optimisation of radiotherapy services through the patient voice	<b>E5: SCoR</b> Education and Career Framework – guidance for service managers	<b>E6: SCoR ASRT</b> lecture Radiation therapist perceptions of triggering aspects of care for sexual violence survivors	<b>E7: Trainee masterclass</b> DKT: Pearls for FRCR - Neuroradiology		<b>E8: GI &amp; hep</b> Case reviews	<b>E9: Head &amp; neck U/S</b>		<b>E10: Sponsored session</b> Medica Title tbc					16:45- 17:45
17:45-19:00	Welcome reception - meet and network with colleagues, and view the ePosters. (17:30-18:30)											<b>Doctorate</b> Publishing skills					

## TUESDAY 11 JUNE 2024

Time	1	2	3	4	5	6	8	9	10	Hands-on ultrasound	Service delivery hub	Innovation hub	Research hub	Clinical hub	Home reporting room	Time	
08:45	Registration																08:45
09:15-11:00	Plenary 2 - Health inequalities session										EXHIBITION CLOSED (opens at 10:00)						09:15-11:00
11:00-11:40	Exhibition & refreshments											<b>SoR</b> Leadership Mentoring Scheme (LMS) (11:10-11:40)		<b>Research hub open</b>			11:00-11:40
11.40-12.40	<b>F1: Clinical oncology</b> Environmental sustainability in oncology	<b>F2: Proffered papers</b> Paediatrics	<b>F3: MSK</b> Imaging the foot & ankle	<b>F4: Physics &amp; RP</b> New frontiers in proton therapy science in practice	<b>F5: Patients</b> Marginalised communities matter		<b>F6: Trainee masterclass</b> DKT: Pearls for FRCR - Breast imaging		<b>F7: Chest &amp; lung</b> Chest CT case reviews - read with the experts	<b>F8: MSK U/S</b> Lower		<b>F9: Sponsored session</b> <b>GE HealthCare</b> Aggregating data and improving efficiencies		<b>F10: Sponsored session</b> <b>Medcurrent</b> Title tbc		11.40-12.40	

12:45-13:30	Society lectures SCoR William Stripp Memorial Lecture: Title TBC <i>Lorelei Wareing</i>				Society lectures IPEM Douglas Lea Lecture: Title TBC <i>Dr Ane Appelt</i>																	
12:40-14:00	Exhibition & lunch								MSK U/S Upper (12:55-13:55)	Sponsored session Lunit Title TBC (12:55-13:55)	Sponsored session Qure.ai Title TBC (12:55-13:55)									Supplier showcase drop-in		
14:00-15:00	G1: Digital technology AI in the NHS – the current state of play	G2: Edu & workforce Imaging Training Academies - showcasing the value-added approach to education and training	G3: Service op, QJ, policy DIAGNOSTICS: RECOVERY AND RENEWAL – The Richard's Review update	G4: Sponsored session Siemens Healthineers TITLE TBC																		
15:00-15:40	Exhibition & refreshments									CoR The CoR Formal Radiography Research Mentoring scheme (FoRRM) (15:10-15:40)												
15:40-16:40	H1: Wellness Steps to workforce wellness	H2: Proffered papers Inclusion	H3: Obs & gynae O&G update	H4: Physics & RP MRI for real time inter-operative, whole-body scan and "chasing" toxicity	H5: Chest & lung Chest imaging - pixels to pathology		H6: Trainee masterclass DKT: Pearls for FRCR - MSK			H7: Breast biopsy (14:00-15:00)		H8: Sponsored session GE HealthCare The Impact of AI in CT								H9: Supplier scheduled session		
16:45-17:45	I1: Clinical oncology The PROSECCA project - improving Radiotherapy in PROstate cancer using eleCTronic population based healthCare data	I2: Proffered papers Service innovation and development	I3: Paeds Imaging children - improving the patient journey	I4: Industry (UKIO curated) Digital solutions in radiology practice - case studies	I5: Research Clinical trials	I6: MSK Imaging the shoulder	I7: Trainee masterclass DKT: Pearls for FRCR - rapid reporting	I8: Physics & RP Sustainability in imaging and beyond	I9: Urology Case reviews		I10: Sponsored session										Supplier showcase drop-in
